

3rd Grade:

The St. Patrick's Day Parade begins at 10:15 am and ends at 12:30 pm. Mark claims that the parade lasts more than 2 hours. Do you agree or disagree with Mark's claim? Use words and numbers to support your answer.

4th Grade:

There are 1000 participants in the St. Patrick's Day parade. Each participant receives a custom four-leaf clover badge. Each volunteer can make 1 badge in 30 seconds and there are 5 volunteers. How many hours does it take to make all the badges? Use words and numbers to support your answer.

5th Grade:

The parade route is 0.75 mile. It takes the first float in the parade 20 minutes to complete $\frac{1}{4}$ of the parade route. How long does it take for the first float to complete the entire parade? Use words and numbers to support your answer.
