Easter Celebrations!

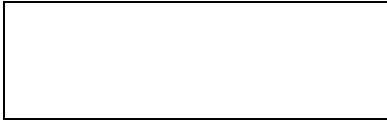

Kindergarten – 2nd Grade:

Use the image to answer each question

Image 1: Easter Egg Hunt

1. How many eggs are in the image?

2. Mary has collected 5 eggs. If she were to find all of the eggs in the image, then how many more eggs does Mary need to find? Use words and numbers to support your answer.

3. Mary and John will share the eggs equally. How many eggs should each person get? Use words and numbers to support your answer.
