

## Spring Flowers

**3<sup>rd</sup> – 5<sup>th</sup> Grade:** Many people look forward to spring and the first flowers of the season. Janice owns a small flower shop. Table 1 shows the number of each type of flower she has and the number of each type of flower needed to make a bouquet.

**Table 1: Janice's Flowers**

<b>Name of Flower</b>	<b>Number Janice has in her shop</b>	<b>Number Needed to Make a Boquete</b>
<b>Daisies</b>	60	12
<b>Lillies</b>	17	3
<b>Tulips</b>	45	6

1. Janice claims that she has enough Lillies to make 6 bouquets. Do you agree with Janice's claim? Use words and numbers to support your answer.

---

---

---

2. Janice sells each Tulip Boquete for \$9. How much does she make if she sells all the bouquets that she can make? Support your answer using words and numbers.

---

---

---

---

3. The mayor's office needs 8 bouquets of Daisies for a luncheon. Janice can order more Daisies in time, but each daisy cost 25¢. Janice charges \$15 for each bouquet of Daisies. How much money will Janice make on this order? Support your answer using words and numbers.
