Summer Camping

Kindergarten – 2nd Grade:

Ask your students to color the image. Then use the image to answer each question.

1. Use the coloring page to help you answer this question. How many stars are included in the picture?

2. Molly is camping with her family. They arrived at their campsite on Monday afternoon and leave Friday morning. How many nights did they go camping? Use words and numbers to support your answer.

3. Jake and Mike are enjoying marshmallows by the fire. Jake has ate 6 marshmallows and Mike has had 9. The bag of marshmallows was new when they started eating them. The bag came with 32 marshmallows. How many marshmallows are left in the bag if only Jake and Mike have had any? Use words and numbers to support your answer.
