

Math Mondays! August 11, 2025

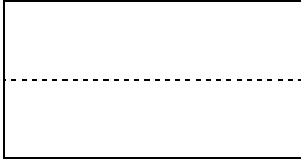

School Supplies

Kindergarten – 2nd Grade:

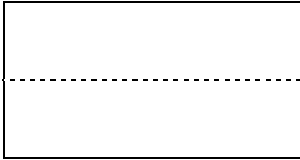

Ask your students to color the image. Then use the image to answer each question

1. How many crayons are in the image?

2. Jill has a box of 24 crayons. Nancy has a box with 32 crayons. How many more crayons does Nancy have?

3. Each student needs to bring 10 pencils to start the school year. There are 30 students in the class. How many total pencils are there if every student brings the correct amount? Use words and numbers to support your answer.
