Fall Leaves

Kindergarten – 2nd Grade:

Ask your students to color the image. Then use the image to answer each question

1. Kevin collected 10 leaves. Mary collected 7 leaves. Abe collected 6 leaves. How many leaves do they have altogether?

2. Josh collected 57 leaves to make a collage. He has 27 red leaves; 18 yellow leaves and the rest are orange. How many orange leaves does Josh have?

3. Mary is making a wreath out of fall leaves. Each wreath needs 20 leaves. Mary has 85 leaves. How many more leaves does she need to be able to make 5 wreaths? Use words and numbers to support your answer.
